In The News: *Mayerthorpe Shooting by Inge Lohse*

It was the worst massacre of RCMP officers in Canadian history and sent waves of shock and grief across the country.

The incident began after a bailiff conducting a property seizure discovered a marijuana grow operation along with stolen auto parts. Roszko had been seen leaving the property 18 hours before the shooting. He managed to sneak back onto the farm undetected. Roszko was notorious in the Mayerthorpe area for intimidating residents with threats and acts of violence, and for being in trouble with the law.

Events in the fatal shooting March 3 of four RCMP officers near Mayerthorpe, Alberta, started on March 2, 2005 at 3:30 pm

(Continued on pg 3-4)

The time line of events from "The Canadian Press" website.

March 2, 2005 3:30 pm

Bailiffs got to Jim Roszko's farm to execute a civil order to seize a Ford truck. The bailiffs contact RCMP in Mayerthorpe requesting assistance. When bailiffs arrive at the property, they find the gate locked.

A man believed to be Roszko is seen departing the property, Driving a white pick-up truck.

Event Chart and Transit Delineation

March 2, 2005 3:30 pm

Bailiffs are ruled by Saturn and Jupiter. In the chart we have Mars ruling guns and vehicles in a T square with Saturn and Jupiter. The Sun in Pisces, the sign of tragedy, is conjunct Uranus, of surprises and Venus, of possessions, in the 8th house of death. The Moon is in Sagittarius, coming to square these planets, emotions run wild.

3 ARABIAN PARTS: FORTUNA, PART OF SPIRIT AND PART OF TORTURE ! Workshop Review

by Betty

Chris McRae as always gives a stellar performance with any topic, and this one was no exception.

We got our pens, or pencils for us rusty few, and started doing the math to calculate just where these fascinating points fell in our charts.

Chris had some of our charts done, so we were able to give a helping hand to any

one who needed it to calculate their parts.

And then the fun began, Chris led us around the chart to see what we would find Fortunate in our lives. We looked at the house that the part of Fortuna fell in and what aspects were coming to it naturally as well as by transit. We did the same for the part of spirit and part of torture.

As everyone was getting comfortable with where these parts fell in their charts, more stories were shared about the effects on peoples lives.

It was a most informative and fun workshop.

Thank you Chris for a great evening.

General Meeting Minutes

March 11, 2005

Condor Machinery

The meeting was called to order at 7:35 pm by President Julie Carlin.

The minutes of the January meeting were reviewed. Motion was made to approve the minutes by Roger, seconded by Sandra.

Sandra McPherson presented the Treasurer's Report, approved.

Membership Director, Josie Pidborochinski, reported a paid membership of 21 members to date, plus 3 or 4 newsletter memberships. Attendance at the February meeting was 15 members and 8 guests.

Old Business: No old business was discussed.

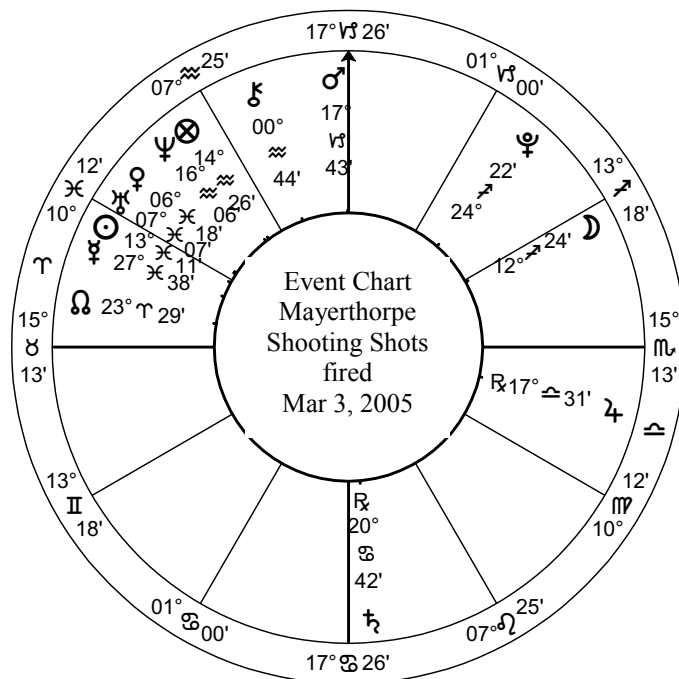

New Business: Inge Lohse reported on the status of arranging for a speaker at the upcoming June retreat. Anne Massey was invited to speak, but replied that she was not available. Paul Hewitt was invited and accepted. Anne later contacted Inge to let her know that she had rearranged her schedule and was not planning to speak. After much discussion by the membership, with no firm consensus, it was decided that the Executive will meet to examine the situation.

The meeting was adjourned at 7:55, motion by Inge, seconded by Sharon.

Secretary,
Carol Patton

**Moons' Declination Curve
Highlights Events as we travel life's
road**

**If you would like to have yours plotted in
advance email inge@astrologyedmonton.com**

This is one Astrological Tool that you will definitely want in your tool chest. The time line that is plotted on a graph is stunningly revealing.

You will be able to remember the ups and downs of what has happened in the past, and project what will be coming in the fu-

ture.

You will need to know the declination of your Moon at birth. If you want Inge to do your chart before the meeting, please call her and leave a message. See Executive for number.

DID YOU KNOW???

DECUMBITURE

A decumbiture chart uses a horoscope calculated for the minute one goes to bed at the start of an illness. It is sometimes used in medical astrology for prognosis.

BLUE MOON

The Moon can sometimes appear bluish because of atmospheric conditions, but the expression “once in a blue Moon” refers to a month during which two full moons occur, once in the beginning and other near the end of the month. This happens only once every few years.

QUERENT

In horary astrology, the individual asking the question is referred to as the querent.

CULMINATION

Culmination usually refers to the arrival of a celestial body at the midheaven, the highest point in a chart. It may also refer to the arrival of a celestial body at the point where an aspect becomes exact.

SPLASH PATTERN

A splash pattern is a horoscope arrangement in which planets do not appear to organize themselves into any identifiable pattern. but rather seem to have just been “splashed” across the chart.

CHOLERIC

Choleric is the traditional name for the personality temperament indicated by an excess of the element fire.

DOG DAYS

Dog days are a 40 day period, usually given as July 3 to August 11, that is regarded as being the hottest time of the year. This period was originally calculated from the heliacal rising of Sirius, the Dog Star, after which dog days received it’s name.

FIRST STATION

When, from the perspective of Earth, it appears that a planet pauses and then reverses direction (ie appears to go backward in its orbit), the point at which is pauses is called the first station.

HURTFUL SIGNS

The term “hurtful signs” is an older designation for the signs Aries, Taurus, Cancer, Scorpio, and Capricorn. They are so called because the animal symbols of these zodiac signs appear capable of “hurting” human beings.

LOGARITHMS

Logarithms, which most schoolchildren are taught but promptly forget, were invented in 1614 to assist in astrological calculations. They constitute the most tedious part of traditional astrological mathematics and have been superseded by the computer.

EAST POINT

The east point is sometimes used as an alternate expression to refer to the ascendant- the point where the eastern horizon intersects the ecliptic for any given astrological chart.

SATURNINE

There are many common terms and expressions that originate in the science of the stars. Saturn rules, among other matters, sour and depressed dispositions. Hence, someone with a dour, melancholy temperament is sometimes called saturnine.

Pope John Paul II

April 2, 2005 at 9:37 PM Pope John Paul II, passed onto the Lord at age 84, was the news from Vatican City.

Born Karol Wojtyla May 18, 1920 at 5:30 PM EET Wadowice, Poland
49N53 19E30
Reference: Lois Rodden’s AstroData Bank

Karol Wojtyla was the first Pope in 455 years that was not Italian.

Karol passion as a young man was the theatre and writing mystical poetry. He was a very religious man and at the age of 22 under the occupation of the Nazi's in Poland, he entered a nighttime seminary operated by the Archbishop of Krakow. He was ordained four years later and sent to Rome for two more years of theological studies.

On Oct 16, 1978 Karol Wojtyla was elected Pope John Paul II, at age 58, the youngest Pope in over 132 years. Good Journey,

Aries

written by Inge Lohse

A cardinal fire sign of positive polarity ruled by Mars. Key Phrase: **'I am'**

The Sun in Aries heralds new beginnings, and starts new cycles. This is your first clue that spring is about to begin. Aries is represented by the ram, who forges full steam ahead with the winds of courage at his back. Arians are friendly in a very forthright, direct manner. They greet you with a firm handclasp and an instant smile. You will rarely get to be group activity leader when there is an Aries in the group. The sun becomes very competitive in Aries. Energetic, enthusiastic and enterprising, Aires are never satisfied to watch, they need to be physically involved, at the beginning, preferably.

Forecast 2005 to 2006

Pluto, in the sign of Sagittarius is still trining your Sun. (and will do so until the year 2008) You are in the fast lane, no stop signs, no speed limits, and no exit points. You have probably forgotten what life was like before Pluto went into Sagittarius. (It was 1995, by the way)

Uranus, the planet of surprises, entered the sign of Pisces in 2003, right next door to you. Uranus will stay in Pisces until 2010. So, you have an exciting new neighbor. During this time you might want to get acquainted or -- not! Either way you will notice the constant changes in your world. Expect the unexpected and you won't be disappointed.

Sensitive Neptune, is sextiling your Aries Sun from the sign of Aquarius. Neptune entered Aquarius in the spring of 1998 and will stay until 2012. Opportunities just keep knocking at your door. Decisions! Decisions!

Constructive Saturn is in the sign of Cancer, square your Sun, until July 2005. For the past 2 years you have been preoccupied with security; your home and family, versus your career. These two areas of your life came under close scrutiny and you constantly needed to justify and adjust what you are doing and why. Come July 2005 priorities will change. Saturn from the sign of Leo will trine your Aries Sun. Leo is about being in the spotlight and Saturn is about achievement. This is when you get recognition for your achievements.

Jupiter, from the sign Libra is opposing your Aries sun. Libra is about harmonious relationships. Aries is about independence, doing things on your own. Libra thinks, Aries acts. This aspect requires you look at the other side of the coin. You must put yourself in the other persons' shoes. By doing this, you will learn a lot about yourself. Your philosophical viewpoints will come under scrutiny and you'll need to justify what you believe in. Perhaps even admit you are mistaken and adjust your thinking accordingly.
