New Horizons probe was launched on January 19th, 2006 at 2 P.M. EST from Cape Canaveral. This is the first space probe to Pluto. The rocket carrying New Horizons is very fast, it got to the moon's orbit in just 9 hours and was nearly 1 million miles away from Earth just 24 hours after its launch.

An article at www.usatoday.com by the Associated Press states that information will be sent back to us about July 14, 2015 when New Horizons is to arrive at Pluto. It will continue on to explore the Kuiper comet belt (until 2025) where a larger object than Pluto has been discovered nicknamed "Xena", stated Mike Brown of the California Institute of Technology. The astronomer Clyde Tombaugh discovered Pluto in 1930. He passed away in 1997 and some of his ashes are on the probe. His 94 year old widow, Patricia was said to have had tears in her eyes as she watched the lift off.

Delineation: New Horizons Probe – Launch Chart

1. ♀ ruler ♃ in ♋ in the 8th house of discoveries. An ambitious undertaking.
2. ☽ ruler ☽ in ♍ in the 5th house of creativity and taking chances. The security of this trip is ever changing requiring many adjustments along the way.
3. ☽ ruler ☽ in ♍. ☿ in ♏ in the 3rd house of communication. ☿

restricts and limits parameters. Strong indication that there will be some problems contacting the probe during the course of the trip.

4. ♁ ruler ☉ in ♋ at 29° in the 9th house of long distance travel. The 4th house is the end result of the trip. In this chart, with the ☉ at 29° (void of course) in Mutual Reception with ☿. It will be difficult to keep track of the probe, and we will probably never know the final destination of where the probe ends up.

5. ♍ ruler ♀ in ♋. lot of meticulous planning went into this trip. ☽ in ♍ in the 5th house trine the ☉ indicates success.

6. ♃ ruler ♀ in the 8th house. ♍ intercepted, ruler ♀ in the 7th house at 25° (the Galactic Centre). ♀ protects the health of the mission, but, it is retrograde, so, there are some reversals. Dilemmas and frustrating minor annoyances plague the trip. ♃ in ♍ in the 6th brings "Lady Luck" into the equation, thus ensuring a measure of success.

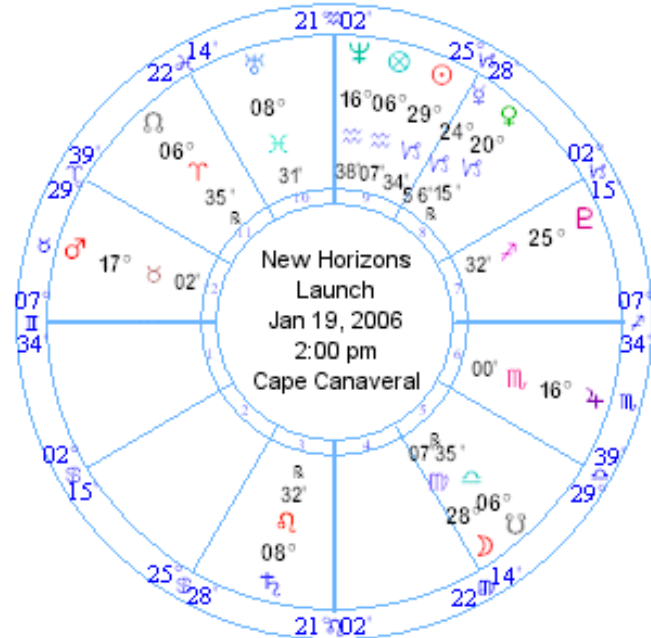

7. ♃ ruler ♃ in the 6th house. ♀ in ♃ in the 7th house. This is an exclusive 'Once in a Lifetime' experience. The people working on this project will have long lasting, powerful memories.

8. ♋ ruler ☿ in the 3rd house. ♀ and ♃ in ♋ in the 8th house. The 8th house represents the resources of the trip. With ☿ ruling, big business and government stand behind this endeavour. This project is of great consequence to their reputation. Achievement is imperative and failure is not an option. There is a lot to be learned and many mysteries of the universe are uncovered.

9. ♋ ruler ☿ in the 3rd house. ☉ in ♋, ☽ and ♀ in ♏ in the 9th house. This is the

house of long distance travel, quite appropriate that the ☉ should occupy this house. At 29°, we have indication there were problems launching, and the window of opportunity was closing fast, when the final decision to launch was made.

10. ♏ ruler ♃ in ♋ in the 10th house. This house represents the fate of the trip. With ♃ ruling and in the

10th, there a few surprises on the horizon. ♃ ♁ ☿ adjustments are problematic, with unexpected results. The probe deviates from its' projected flight path and sends back pictures of some unusual objects.

11. ♋ ruler ♀ in ♏, ♁ in ♏ in the 11th ♁ ☽ in the 9th. The eleventh house represents large scale events, unusual and unconventional situations, and the purpose of the trip. ♋ says a strong and unwavering belief that the trip will achieve its' objectives, is a necessity for this endeavour. Strong hopes and wishes for the fulfilment of the goals set for the trip. The ♁ in ♏ here says this is a 'first' into unknown territory. A pioneering event, which has

Delineation of the Houses:

1. The People: Leo, ruler Sun in Aries in the 9th, trine Saturn, and square Pluto. The people want to know the truth as promised at the election about the money speculations, and where the money went. The promise by Prime Minister Harper to clean up the Government and put in laws to make Public Officials accountable is at issue and being watched closely by the People.
2. Assets and wealth: Leo, ruler Sun in Aries in the 9th, trine Saturn and square Pluto. The Assets are being invested in foreign Countries with conflicting principles to Canada's.
3. The Media: Virgo, ruler Mercury in Pisces in the 8th, sextile Venus, square Mars, trine Jupiter, conjunct Uranus. Reporting the News has become a Hollywood Production with the more sensationalism the better. The facts have been cut to improve the ratings. The opposition party is enjoying the drama and contributing to it with ease. Trying to get the facts is on again off again, and we don't know who or what to believe.
4. Opposition Party: Libra, ruler Venus in Aquarius in the 7th, semi-sextile Mercury, trine Mars, square Jupiter, conjunct Neptune, and opposing the ASC. The opposition party has an opportunity to push the Government to come through with it's election promises for more money for education and the welfare of the youth. The issue of equal rights may be used to confuse the Public. The issue of Gay rights will be a focus issue for the opposition.
5. Money speculated: Scorpio, ruler Pluto intercepted in the 5th, in mutual reception with Jupiter in the 4th, square the

6. Sun. There is much concern and fighting over the use of the Countries wealth. The Government will be forced to bring the issue of misappropriation of funds out into the open.
7. The work force: Capricorn, ruler Saturn in Leo in the 12th retrograde, trine the Sun, Moon, North Node and conjunct the ASC. The public service is having an easy adjustment to the New PM. The mood of the work force is optimistic, and what has been promised with Health Care is being put into action.
8. Legal agreements: Aquarius, ruler Uranus in Pisces in the 8th in mutual reception with Neptune in Aquarius in the 7th, conjunct Mercury and square Mars intercepted in the 11th. Our commitment to supporting

9. our neighbors, and foreign agreements will be a flip flop of activity over the next 3 months. Do we or Don't we, and what is the cost? That will be the question.
10. Taxes: Aquarius, ruler Uranus in Pisces in the 8th in mutual reception with Neptune in Aquarius in the 7th, conjunct Mercury and square Mars intercepted in the 11th. The Federal tax payable for 2004 taxes was reduced as promised by the PM elect, but the forms were not changed in time. The expense to re-print was costly. The GST tax cut may be a "Do we or Don't we back track.
11. Legislature: Taurus, ruler Venus in Aquarius in the 7th, trine Mars, square Jupiter, conjunct Neptune, opposing the ASC.

May 12 Betty will present **"Void of Course Planets - Exploring all the planets impact when they go void of course and their impact on Mundane Astrology"**

Changes to the planned format:

Originally the plan was to end the program off with a forecast for the current sign and its opposite sign, however after two nights of the program the time limitations prevented up from being able to get into it. In its place, we will have a "Dread Support Group" spot, time permitting. The idea is, if anyone is experiencing dread associated with an upcoming aspect they can present it to the group at the beginning of the program and fellow astrologers can give support to that person through their own experiences either during break or at the end of the scheduled program.

Looking Back on the Planets

For the next session we will be sharing the following;

Sun in Aquarius - Jan 19 - Feb 18

Moon in Cancer - March 7 15:39 - March 10 2:43

Mercury in Aquarius - Jan 22 2006 - Feb 8 18:23

Venus in Capricorn November 5 - March 5

+ (Venus in Aquarius - (due to retrograde) Dec 15 2005 to Jan 1 2006)

Mars in Taurus - July 28 2005 - Feb 17, 2006

Jupiter in Libra - Sep 24 2004 to Oct 25 2005

Saturn in Cancer - June 3 2003 to July 16 2005

Uranus in Aquarius - Apr 1 1995 to Dec 20 2003

Neptune in Capricorn - Jan 18, 1984 to Jan 28 1998

Pluto in Scorpio - Nov 5 1983 - Nov 10 1995

The main event for Friday March 10 is... "House Systems - Explanation of various house cusp systems and suggested use" by Chris McRae

Chris will be presenting different house systems, when they came into being, what they're based on and how each of them are used.

Legislation with regards to legal partnership status will come to a critical head. This will probably be the Gay rights to marriage that was part of the elections feather ruffling by the Liberals. There may be some hidden verbal backstabbing or gossip leaks about upcoming legislation. The obsession to get to the bottom of the missing money will be pushed for someone to blame but this will create opposition from the people.

- 12. Hidden agendas: Cancer, ruler Moon in Sagittarius in the 5th intercepted, trine Saturn, trine NN, trine ASC. There may be some new laws put into effect that will reduce the amount of crime by the youth. It will be easy to get the support of the People.

The next three months look interesting and we will have to watch the News and see it unfold.

If you like to know what is coming up in the future of the Country, Province, or your City, check out the Ingress charts. Follow along and send your comments to the editor. I welcome your opinions and challenge your skills to see what you see in the future.

Pisces

written by Inge Lohse

February 19 to March 20, 2006

A mutable water sign of negative polarity ruled by Neptune. Key Phrase 'I Believe'

Pisces is represented by two attached fishes, one swimming upstream and the other downstream, confirming the deep undercurrents and the intense duality of emotions in people born under this sign. The Piscean temperament varies from being strongly optimistic to being acutely pessimistic. Their awareness of the subtle undercurrents of human interactions gives them an air of aloofness. Pisceans are compelled to maintain their individuality, and they must follow that quiet, whispering, voice from within.

Forecast 2006 to 2007

Powerful Pluto, from the sign of Sagittarius, is testing your strength and willpower. Conflicts, and disagreements often blow up out of proportion. The amount of self-control you use determines the outcome. This energy is about transformation. Use the optimistic side of your nature to get the positive results you desire.

Neptune, your ruler, has been in the sign of Aquarius for a few years now, and will stay until the year 2012. You are learning to detach yourself from your emotional physic and are questioning your long held beliefs, and whatever survives this keen Aquarian scrutiny, will be worth keeping.

Lucky You!! Uranus has moved in!! What - you didn't get that memo? Well, he HAS, complete with his bag of tricks. December 2003 he took up permanent residence in your sign of Pisces for the next 7 years. Uranus brings inspiration and excitement, along with general chaos. You'll have to go to the very depths of your soul to deal with who you are, what you have become, and where you want to be in 2010. Uranus enlightens your mind and energizes your will to be independent.

Constructive Saturn sets parameters and common sense limitations. Sometimes referred to as the 'COSMIC 2x4'. Saturn energy focuses on your practical side. In July, 2005 Saturn enters the sign of Leo for about 2-1/2 years. Things are changing, you need to adjust your emotional reaction to your physical actions. Your ego and your instincts seem to be on a collision course. Leo likes to be front and centre. Pisces is quite comfortable being part of the crowd. Leo is an impulsive fire sign and Pisces is an emotional water sign. Things will get complicated if you forget how to turn off the heat, when the water starts to boil.

Optimistic Jupiter is in the sign of Scorpio this year. Scorpio is about investigation of aspects of human nature. Scorpio and Pisces are both emotional water signs, the flow of energy between the two signs is very rewarding. Your creative potential is enormous this year. Jupiter is about vision, growth, expansion and attaining your objectives. You feel very confident and feel you can accomplish anything.
